

*“He cares about his patients—  
I mean he goes above and  
beyond. I just can’t say enough  
about the heart of the man.  
He’s not just a doctor—he’s a  
friend to all of his patients.”*

—patient of Dr. John Hettiarachchi, FACS,  
FPMRS, Charlotte Center for Pelvic Health

[thepelviccenter.com](http://thepelviccenter.com)

From its uniquely qualified physician to the dedicated staff to the state-of-the-art facilities, no practice is more devoted to providing the greatest level of care for its patients than the Charlotte Center for Pelvic Health. Led by Dr. John Hettiarachchi, the clinic team has extensive experience treating a wide range of urologic and pelvic conditions.

As part of the center’s commitment to exceptional care, every patient receives a customized treatment plan and is treated with the highest degree of comfort by the clinic’s outstanding team. Dr. Hettiarachchi is the only urologist in the region who is dual board certified in Urology and Female Pelvic Medicine and Reconstructive Surgery (FPMRS). He is one of 1,000 specialists in the country to qualify for the FPMRS board certification.

Additionally, Dr. Hettiarachchi was the first physician in the area to provide specialized

care for sexual, urinary, vaginal and pelvic wellness that includes minimally and non-invasive therapies to manage vaginal pain, dryness, leaky bladder, and improve sexual function.

The clinic stays updated with the newest, most cutting-edge treatment modalities for women experiencing common menopausal symptoms such as dryness, pain, tearing, looseness and even low desire, as well as changes related to childbirth. Treatment options include the revolutionary laser MonaLisa Touch and Geneveve RF, which restore vaginal health and sexual function and receive the highest praise from patients.

With the clinic’s unsurpassed devotion to patients, you can be assured that you will receive the best of care, your concerns will always be heard, and you will always be treated with kindness by the longstanding expert team.
